

Welcome to the world of Duncan®, where form and color merge with the imagination to create magic in every brushstroke! nearly 70 years of experience in the ceramic arts industry, we can tell you about our history of innovative, quality products, but we'd like to show you, instead. Throughout this guide, you'll see that Duncan®offers the complete creative solution for your studio with our extensive collection of classic and on-trend bisque designs, easy-to-use color families and all the tools needed for their application. As you turn each page, we invite you to imagine the Duncan® products you see in your hands and in the hands of your family, friends and guests as you create memories that last a lifetime.

At Duncan®, we believe our innovation equals your success. That's what we call "The Duncan® Solution" - and it's an approach that makes us unique in the industry.

The Duncan® Solution means we take an end-to-end approach to the ceramics products we create. From bisque to project completion, we offer the superior quality products you need.

How it works:

Choose Your Design

Select from hundreds of trenddriven Duncan® Oh Four® bisque designs from kids to dinnerware to home décor - all created to assure consistent and stable results.

Decorate

Personalize your ceramic art with selections from our enormous variety of Concepts® underglazes - the largest in the industry. Our easy-touse color chart features light, bright and dark color values available in 2 oz., 8 oz. and pint sizes.

Embellish

Enhance the beauty of your projects with French Dimensions $^{\text{TM}}$ our new improved formula provides you with the best dimensional glaze in the industry.

In addition to the Duncan® Solution, we invite you to view our line of premium products. Our additional product selections add to the studio experience for customers. Choose from Color Burst Crystal Chips™, Shimmer Glazes™ and Envision® Glazes.

Application of products are an essential part of any project. Our brushes & tools assure a successful ceramic art experience from start to finish.

Thanks to The Duncan® Solution, you're assured top-quality, proven products for every step of your ceramic art.

Pure Brilliance® clear glazes deliver unmatched innovation. It is craze resistant, easy to use, dries stable and has a fast dry time. It is truly the first high performance, nontoxic clear glaze in the industry.

Duncan® Bisque

The perfect surface

Your perfect ceramic art project should always start with Duncan® Oh Four® bisque. Our wide ranging bisque designs are formulated from the highest quality earthenware clay to ensure stable results and absolutely no shivering.

Duncan® Color & Supplies

Perfecting your fired-product journey

Duncan® color products and ceramic art supplies are easy to use and provide consistent, brilliant results. Choose from a variety of underglazes and glazes and apply them with help from our full line of high-quality brushes and tools.

From whimsical to traditional, the Duncan® Oh Four® Bisque kids' collection includes great designs that kids of all ages will love to create!

Which process is best for me?

Clear Dipping Glazes save time when glazing a high volume of projects and makes glazing large pieces fast and easy. Clear Brush-On Glazes offer a hands-on personal approach to glazing and excellent control of application.

dipping glaze - step-by-step

1. Mix in Pail

Mix with electric mixer for no more than two minutes until you see a vortex. Avoid touching edges of pail with the mixing blade. Use a stainless steel wire whisk to stir glaze after initial mixing.

2. Check Viscosity

- a. Submerge a TL 497 Viscosity Cup into tank and fill with glaze. As you lift cup from glaze, begin timing.
- b. Stop timing when the steady stream of glaze begins to break. A range of 19-24 seconds is normal. Add small amounts of water as needed to thin.

- a. Wearing protective gloves, use a smooth casual motion to submerge cone 04 bisque in glaze, covering approximately 90% of piece. Quickly lift ware out of glaze. Shake off ware to remove excess glaze and achieve uniform application.Let dry.
- b. Using same motion, dip unglazed portion, slightly overlapping glazed area for full coverage. Let dry.

3B. Dipping with Tongs

- a. Gently grasp cone 04 bisque with tongs and submerge in glaze covering entire piece.
- b. Quickly lift ware out of glaze. Shake ware to remove excess and achieve uniform application. Let dry.

4. Touch Up

After ware is dry, use an SB 807 Fan Glaze brush to touch up tong marks or any missed areas with glaze. Use a TL 420 Palette Knife to shave off drips or runs to prevent airborne dust.

5. Fire Glazed Bisque

Let ware dry thoroughly. Set ware securely on clean, sharp stilts in kiln. Fire to shelf cone 06.

brush on - step-by-step

for use on underglaze before firing or on previously fired underglaze

1. Mix

Mix Clear Glaze with TL 420 Palette Knife.

2A. Sponge Application

Dab a clean sponge into glaze and dab one coat over colors on surface of bisque to cover. After the sponged coat has dried thoroughly, dip Glaze brush in glaze and brush on two coats. Allow to dry between coats.

2B. Brush Application

Dip a Glaze brush in glaze and apply two flowing coats. Let dry between coats.

3. Fire Glazed Bisque

Let ware dry thoroughly. Set ware securely on clean, sharp stilts in kiln. Fire to shelf cone 06.

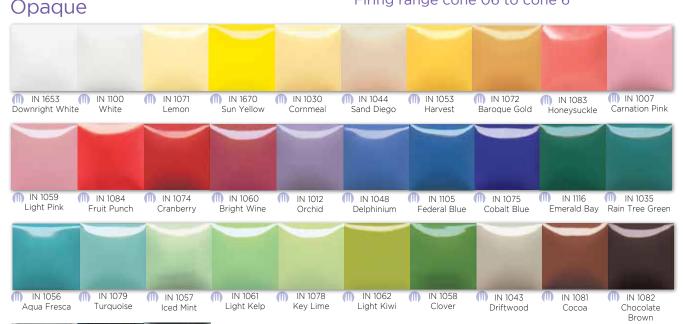

Envision yourself with the best - quality nontoxic, food-safe glazes that dry fast making it easy to maneuver your piece while painting. Duncan® Envision® Glazes are versatile enough to be mixed with one another to create custom colors! This exceptional glaze family even works well when used as a background for design work with Duncan® Concepts® Underglazes for Bisque. When fired, Duncan® Envision® Glazes produce a distinctively smooth and elegant appearance with intense colors that are opaque with a high gloss finish; meaning there is no need to use clear glaze.

View the entire line of Duncan® Envision Glazes® in our Color Selection Guide. See details on page 77.

Labels

Each Duncan® product label is much more than just a pretty front on a fine product. Our labels are carefully designed to provide you with convenient information about the use of our products.

Overglaze compatible

The use of an overglaze can really enhance the quality of a finished piece, but because some glazes contain small amounts of copper for color, they will not work with overglazes. Duncan® glazes are all identified as to whether they will or will not work with overglazes. Glazes that will work with overglazes state OVERGLAZE COMPATIBLE. Glazes that do not work with overglazes will not include this statement.

Transparency

Opaque, Semi-opaque, Translucent, Semitranslucent, Clear

All color products fall into one of these categories. The label identifies the transparency of each product.

Food Safety

Label will indicate if the glaze is safe for use on food containers.

Color number and name

Each color has an individual color number and name. Duncan® places colors in color-wheel sequence on our color charts to make it as convenient as possible for you to pick just the right color tone, tint or shade. Normally, you'll find each color placed in numerical order on your dealer's shelves. After you have selected the color you want, find its color number and you'll locate it easily.

Kiln requirements

Refer to this icon for kiln requirements.

Nontoxic symbol

All Duncan® products carry a nontoxic symbol that certifies our products are in compliance with the Consumer Products Safety Commission's safety requirements.

Concepts® Tile Chart

Family

Duncan[®] is a privately held, family-owned company located in the heart of Fresno, California. We've been a leader in the Ceramic Arts industry since 1946 thanks to our founder, Erma Duncan, a talented artist whose fired-art creations earned national recognition beginning in the early 1900s.

A heritage brand that continues to value family, today Duncan® Enterprises is led by Larry Duncan, chairman. Our supporting team members bring an average of 27 years of experience to their roles. A deep sense of family extends to our customers who are guaranteed the highest quality ceramic arts products backed by 70 years of experience.

Quality

At Duncan®, we're committed to high standards and performance excellence. Our bisque products are formulated from pure earthenware clay of the highest quality. Every bisque item is created with a consistent clay formula and a consistent slipcasting manufacturing process, which means no pressed ware and more stable results.

We're so confident in the quality of our bisque that we guarantee no shivering will occur - regardless of the brand of glaze being used - or your money back.

Our quality commitment carries over to the complete line of

History

In 1946, when Erma Duncan's home-based studio where she taught ceramics became too small, the first Duncan® Ceramic Studio was opened in Fresno, California. Erma owned-andoperated the family business with her husband, Lee, and sons, Bob and Dick

At the new commercial site, wholesale distributing of ceramic products was added to the mix and first-of-their kind glazes were created and introduced.

After 23 years of sharing her ceramics expertise, Erma retired from the company. Thanks to continued growth and expansion, Duncan® Ceramics became Duncan® Enterprises in 1976, and by 1983, the third generation of the Duncan family was operating the business.

Long a leading arts and crafts products manufacturer, Duncan® Enterprises became iLoveToCreate in 2009. Throughout its history, the company has remained committed to its core of ceramic arts under the Duncan® brand.

Duncan® glazes and underglazes - the most popular and most reliable on the market. All of our glazes, brushes and tools are renowned for their ease of use and impeccable quality.

When you select Duncan® Ceramic products, the only thing left to add is your imagination!

Guiding principles

At Duncan®, we attribute our longevity and success to our list of guiding principles. These underlying core values guide all of our interactions:

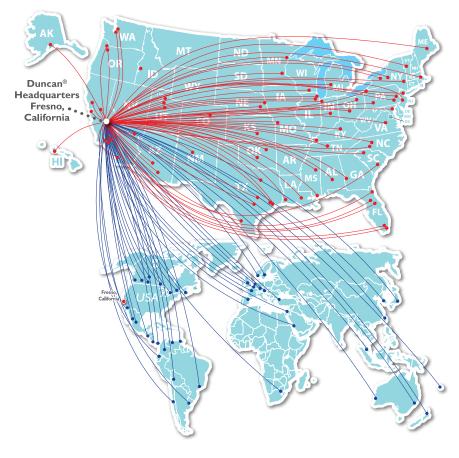

- 1. Practice high ethical standards
- 2. Respect people and their ideas
- 3. Use education, training and recognition to empower team
- 4. Embrace constant change, improvement and innovation
- 5. Be socially and environmentally responsible
- 6. Achieve continuous long-term success and profitability for all stakeholders

We're just as dedicated to these principles today as we were when we started our family business 70 years ago!

Worldwide distributor network

Our mission is to make it easy for people of all ages, skill levels and style preferences to experience creativity. That's why we have more than 100 Duncan® Distributors to serve you. Our industry-leading network of distributors includes locations worldwide, making it easy for you to find and select superior quality ceramic art products.

Over 100 Juncan Distributors to Serve You!

Industry-Leading Network of Distributors with Locations Worldwide

"The Duncan® Solution"

At Duncan, we believe our innovation equals your success. That's what we call "The Duncan® Solution" - and it's an approach that makes us unique in the industry.

The Duncan® Solution means we take an end-to-end approach to the ceramics products we create. From bisque to project completion, we offer the superior quality products you need.

How it works:

 Choose Your Design. Select from hundreds of trend-driven Duncan® Oh Four® bisque designs from kids to dinnerware to home décor - all created to assure consistent and stable results.

- Decorate. Personalize your ceramic art with selections from our enormous variety of Concepts® underglazes - the largest in the industry. Our easy-to-use color chart features light, bright and dark color values available in 2 oz., 8 oz. and pint sizes.
- Embellish. Enhance the beauty of your projects with French Dimensions™ our new improved formula provides you with the best dimensional glaze in the industry.

• Seal & Beautify. Pure Brilliance® clear glazes deliver unmatched innovation. It is craze resistant, easy to use, dries stable and has a fast dry time. It is truly the first high performance, nontoxic clear glaze in the industry.

Thanks to The Duncan® Solution, you're assured topquality, proven products for every step of your ceramic

In addition to The Duncan® Solution, we invite you to view our line of premium products. Our additional product selections add to the studio experience for customers. Choose from Color Burst Crystal Chips™, Shimmer Glazes™ and Envision Glazes®.

Application of products are an essential part of any project. Our brushes & tools assure a successful ceramic art experience from start to finish.

WE'VE GROWN very large BUT WE'VE NEVER forgotten OUR ROOTS

- Bob Duncan
